APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second, but not to exceed a seasonal duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before September 13, 1981

Proof of commencement of work shall be filed before October 13, 1981

Work must be prosecuted with reasonable diligence and be completed on or before September 13, 1982

Proof of completion of work shall be filed before October 13, 1982

Application of water to beneficial use shall be made on or before September 13, 1985

Proof of the application of water to beneficial use shall be filed on or before October 13, 1985

Map in support of proof of beneficial use shall be filed on or before October 13, 1985

Commencement of work filed OCT 20 1983

Completion of work filed

Proof of beneficial use filed
